### Don't forget to Download even if you retire.

Starts between 17:30 and 18:30.  
A Punching Start, so go to start when ready.

**Courses close 20:15.**

### Map

1:5000 5m contours  
Control descriptions on map and Loose control descriptions available

### Terrain important notes

This is a Moorland outcrop with open fields and heather areas on the top. The area of old quarry workings are mainly avoided  
It is winter vegetation so the bracken is low at this time of year  
On the Blue and Green courses the marshes at the southern part of the map below the large OOB area are quagmires. **Be warned.**  
This area and the eastern slope have many deer paths which are unmapped.

### Safety and Risk

**As this is an exposed area it is advised to wear or carry a hooded waterproof jacket.**

**If the weather is severe then this will be made compulsory**

**Whistle and back up light are compulsory.**

Only use marked crossing points (gates or stiles) on fences and walls.

A comprehensive risk assessment will have been carried out by the organiser, but participants take part at their own risk and are responsible for their own safety during the event.

### Course details

|        |                               |
