Rae Lomas
Manchester and District Orienteering Club

Tuesday, 3rd September 2013

Dear Rae,

Clubmark External Verification

Following the consultation with my colleague concerning the Clubmark External Verification process, I am writing to thank you and your Club for your time and support in an important aspect of the Clubmark licensing process. The External Verification enables us to ensure that your national governing body is continuing to demonstrate the robustness of Clubmark as a quality accreditation scheme.

My colleague was impressed by the number of events that the club plans and delivers from local to national level. It is great to hear how the club caters for such a vast range of ages and in particular about the family sessions that you deliver. I believe you have regular contact with the local school sports coordinator and even delivered a competition for all the local schools, which is fantastic. In addition to this, I hear that the club is working with a number of local schools, creating pathways for pupils from school to club environment, which is fantastic for your sport.

Following the completion of this process across the country we will be submitting a report concerning Clubmark practices in general (not club/sport specific) to each national governing body. I advise that you contact your national governing body if you wish to receive any further feedback. Once again, many thanks. We hope that you continue to be a successful Clubmark accredited club.

Yours sincerely,

Clare MacLeod
Strategic Operations Manager
